

Inozyme Pharma to Present at Cowen 42nd Annual Health Care Conference

March 1, 2022

BOSTON, March 01, 2022 (GLOBE NEWSWIRE) -- Inozyme Pharma, Inc. (Nasdaq: INZY), a clinical-stage biopharmaceutical company developing novel therapeutics for the treatment of abnormal mineralization, today announced Axel Bolte, MSc, MBA, the company's co-founder, president, and chief executive officer, will participate in a fireside chat at the Cowen 42nd Annual Health Care Conference on Tuesday, March 8th at 11:10 AM ET.

A replay of the fireside chat can be accessed from the [Investor & News](#) section of Inozyme's website under [events](#) and will be available for up to 30 days following the event.

About Inozyme Pharma

Inozyme Pharma, Inc. (Nasdaq: INZY) is a clinical-stage rare disease biopharmaceutical company developing novel therapeutics for the treatment of diseases of abnormal mineralization impacting the vasculature, soft tissue, and skeleton. Through our in-depth understanding of the biological pathways involved in mineralization, we are pursuing the development of therapeutics to address the underlying causes of these debilitating diseases. It is well established that two genes, ENPP1 and ABCC6, play key roles in a critical mineralization pathway and that defects in these genes lead to abnormal mineralization. We are initially focused on developing a novel therapy, INZ-701, to treat the rare genetic diseases of ENPP1 and ABCC6 Deficiencies. INZ-701 is currently in a Phase 1/2 clinical trial for ENPP1 Deficiency.

Inozyme Pharma was founded in 2017 by Joseph Schlessinger, Ph.D., Demetrios Braddock, M.D., Ph.D., and Axel Bolte, MSc, MBA, with technology developed by Dr. Braddock and licensed from Yale University. For more information, please visit www.inozyme.com.
