NOTICE OF 2023 ANNUAL MEETING OF STOCKHOLDERS

To Be Held on June 13, 2023

Dear Stockholders:

You are cordially invited to virtually attend the 2023 annual meeting of stockholders, or the Annual Meeting, of Inozyme Pharma, Inc. The Annual Meeting will be held via the Internet at a virtual audio web conference at <https://www.proxydocs.com/INZY> on Tuesday, June 13, 2023 at 10:00 a.m., Eastern Time.

Only stockholders who owned shares of our common stock at the close of business on April 17, 2023 are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof.

At the Annual Meeting, the stockholders will consider and vote on the following matters:

1. Election of three Class III directors, Martin Edwards, Lynne Sullivan and Douglas Treco, each to serve for a three-year term expiring at the 2026 annual meeting of stockholders;
2. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023; and
3. Transaction of any other business that may properly come before the Annual Meeting or any adjournment or postponement thereof.

The Annual Meeting will be a “virtual meeting” of stockholders, which will be conducted exclusively via the Internet at a virtual web conference. There will not be a physical meeting location, and stockholders will not be able to attend the Annual Meeting in person. This means that you can attend the Annual Meeting online, vote your shares during the online meeting and submit questions during the online meeting. In order to attend the meeting and vote your shares electronically during the meeting, you must register in advance at <https://www.proxydocs.com/INZY> prior to the deadline of June 11, 2023 at 5:00 p.m., Eastern Time. Upon completing your registration, you will receive further instructions via email, including your unique links that will allow you to attend the Annual Meeting online, vote your shares and submit questions. We believe that hosting a “virtual meeting” will enable greater stockholder attendance and participation from any location around the world.

You can find more information, including the nominees for director, in the proxy statement for the Annual Meeting, which is available for viewing, printing and downloading at <https://www.proxydocs.com/INZY>. The board of directors recommends that you vote “FOR” each of the Class III directors (Proposal 1) and “FOR” the ratification of the appointment of the independent registered public accounting firm (Proposal 2) as outlined in the attached proxy statement.

We are pleased to comply with the rules of the Securities and Exchange Commission that allow companies to distribute their proxy materials over the Internet under the “notice and access” approach. As a result, we will send to our stockholders a Notice of Internet Availability of Proxy Materials, or the Notice of Availability, instead of a paper copy of the proxy statement and our annual report for the fiscal year ended December 31, 2022, or the 2022 Annual Report. We plan to mail the Notice of Availability on or before April 27, 2023, and the Notice of Availability contains instructions on how to access our proxy materials over the Internet. The Notice of Availability also contains instructions on how each of our stockholders can receive a paper copy of our proxy materials, including the proxy statement, our 2022 Annual Report, and a form of proxy card.

Your vote is important regardless of the number of shares you own. Whether or not you expect to virtually attend the Annual Meeting, please vote your shares to ensure your representation and the presence of a quorum at the Annual Meeting. If you are a stockholder of record, you may vote your shares prior to the Annual Meeting on the Internet by visiting <https://www.proxypush.com/INZY>, *by telephone by calling 1-866-509-1045 and following the recorded instructions, or by completing, signing, dating, and returning a proxy card. If you vote prior to the Annual Meeting and then decide to attend the Annual Meeting and vote your shares online during the Annual Meeting, you may still do so. Your proxy is revocable in accordance with the procedures set forth in the proxy statement.*

If your shares are held in “street name,” that is, held for your account by a bank, broker or other nominee, you will receive instructions from the bank, broker or other nominee that you must follow for your shares to be voted. Stockholders that hold shares in “street name” must demonstrate proof of beneficial ownership to virtually attend the Annual Meeting and must obtain a legal proxy from their bank, broker or other nominee to vote during the Annual Meeting.

Further information about how to register for the Annual Meeting, attend the Annual Meeting online, vote your shares and submit questions is included in the accompanying proxy statement.

By Order of the Board of Directors,

Douglas A. Treco

Chief Executive Officer

Boston, Massachusetts
April 27, 2023

We have elected to provide access to our proxy materials over the Internet under the Securities and Exchange Commission's "notice and access" rules. IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Purpose of the Annual Meeting

At the Annual Meeting, our stockholders will consider and vote on the following matters:

1. The election of three Class III directors, Martin Edwards, Lynne Sullivan and Douglas Treco, each to serve for a three-year term expiring at the 2026 annual meeting of stockholders;
2. The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023; and
3. The transaction of any other business that may properly come before the Annual Meeting or any adjournment or postponement thereof.

As of the date of this proxy statement, we are not aware of any business to come before the Annual Meeting other than the first two items noted above.

Board of Directors Recommendation

Our board of directors unanimously recommends that you vote:

FOR the election of the three nominees to serve as Class III directors on our board of directors, each for a three-year term expiring at the 2026 annual meeting of stockholders; and

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023.

Availability of Proxy Materials

The proxy materials, including this proxy statement, a proxy card and our 2022 Annual Report are available for viewing, printing and downloading on the Internet at <https://www.proxydocs.com/INZY>. If you would like to receive a paper copy of our proxy materials, you should follow the instructions for requesting paper materials in the Notice of Availability.

Who Can Vote at the Annual Meeting?

Only stockholders who owned shares of our common stock at the close of business on the record date of April 17, 2023 are entitled to receive notice of the Annual Meeting and to vote the shares of our common stock that they held on that date. As of April 17, 2023, there were 43,765,485 shares of our common stock issued and outstanding. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

Difference Between a “Stockholder of Record” and a Beneficial Owner of Shares Held in “Street Name”

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are considered the “stockholder of record” of those shares. In this case, your Notice of Availability has been sent to you directly by us. You may vote your shares by proxy prior to the Annual Meeting by following the instructions contained in the Notice of Availability and in the section titled “How to Vote” below.

Beneficial Owner of Shares Held in Street Name. If your shares are held by a bank, broker or other nominee, then you are considered the beneficial owner of those shares, which are held in “street name.” In this case, your Notice of Availability will be sent to you by that organization. The organization holding your shares is considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to instruct that organization as to how to vote the shares held in your account by following the instructions contained on the voting instruction form provided to you by that organization.

Why Did I Receive a Notice in the Mail Regarding the Internet Availability of Proxy Materials instead of a Full Set of Proxy Materials?

We are pleased to comply with the SEC rules that allow companies to distribute their proxy materials over the Internet under the “notice and access” approach. As a result, we are sending our stockholders and beneficial owners of our common stock a copy of the Notice of Availability instead of paper copies of this proxy statement, our proxy card, and our 2022 Annual Report. We will send the Notice of

Availability on or before April 27, 2023. Detailed instructions on how to access these materials via the Internet may be found in the Notice of Availability. This proxy statement and our 2022 Annual Report are available for viewing, printing and downloading on the Internet at <https://www.proxydocs.com/INZY>.

Why is the Annual Meeting a Virtual, Online Meeting?

Our Annual Meeting will be a virtual meeting of stockholders where stockholders will participate by accessing a website using the Internet. We believe that hosting a virtual meeting will facilitate stockholder attendance and participation at our Annual Meeting by enabling stockholders to participate from any location around the world. Our virtual meeting will be governed by our Rules of Conduct and Procedures which will be posted at <https://www.proxydocs.com/INZY> in advance of the meeting. We have designed the virtual annual meeting to provide our stockholders with the same rights and opportunities to participate as stockholders would have at an in person meeting, including the right to vote and ask questions during the meeting through the virtual meeting platform.

How Do I Attend the Virtual Annual Meeting?

The Annual Meeting will be a virtual meeting and you may not attend in person. In order to attend the meeting online, you must register in advance at <https://www.proxydocs.com/INZY> prior to the deadline of June 11, 2023 at 5:00 p.m., Eastern Time.

Online registration for the Annual Meeting will begin on April 27, 2023 and you should allow ample time for the online registration. Upon completing your registration, you will receive further instructions via email, including your unique link that will allow you access to the meeting. Please be sure to following the instructions you will receive once your registration is complete.

The Annual Meeting will start at 10:00 a.m., Eastern Time, on June 13, 2023. A second email containing your unique link to access the virtual Annual Meeting will be emailed to you at 9:00 a.m., Eastern Time, on June 13, 2023 if registration was properly submitted. You may log on to the virtual meeting starting one hour before it begins.

If you encounter any difficulties accessing the meeting during check-in or at the time of the virtual meeting, please contact technical support, whose contact information will be included in the email containing the unique link granting access to the meeting. There will be technicians standing by and ready to assist you with any technical difficulties you may have accessing the virtual meeting.

How to Vote

If you are the stockholder of record of your shares, you can vote your shares by proxy prior to the Annual Meeting or online during the Annual Meeting.

If you choose to vote by proxy **prior to the Annual Meeting**, you may do so by telephone, via the Internet or by mail as follows:

- *By Telephone Prior to the Annual Meeting.* You may transmit your proxy over the phone prior to the Annual Meeting by calling 1-866-509-1045 and following the instructions provided in the Notice of Availability and on the proxy card. You will need to have your Notice of Availability or proxy card in hand when you call.
- *Via the Internet Prior to the Annual Meeting.* You may transmit your proxy via the Internet prior to the Annual Meeting by following the instructions provided in the Notice of Availability and on the proxy card. You will need to have your Notice of Availability or proxy card in hand when you access the website. The website for voting is available at <https://www.proxypush.com/INZY>.
- *By Mail Prior to the Annual Meeting.* If you requested printed copies of proxy materials, you can vote by mailing your proxy card as described in the proxy materials.

In order to attend the Annual Meeting online and **vote online during the Annual Meeting**, you must register in advance at <https://www.proxydocs.com/INZY> prior to the deadline of June 11, 2023 at 5:00 p.m., Eastern Time. You may vote your shares online while virtually attending the Annual Meeting by following the instructions found on your Notice of Availability, proxy card and/or voting instruction form and subsequent instructions that will be delivered to you via email following your registration. If you vote by proxy prior to the Annual Meeting and choose to attend the Annual Meeting online, there is no need to vote again during the Annual Meeting unless you wish to change your vote.

If your shares are held in street name, your bank, broker or other nominee is required to vote the shares it holds on your behalf according to your instructions. The proxy materials, as well as voting and revocation instructions, should have been forwarded to you by the bank, broker or other nominee that holds your shares. In order to vote your shares you will need to follow the instructions that your bank, broker or other nominee provides you. The voting deadlines and availability of telephone and Internet voting for beneficial owners of shares held in

“street name” will depend on the voting processes of the bank, broker or other nominee that holds your shares. Therefore, we urge you to carefully review and follow the voting instruction form and any other materials that you receive from that organization. If your shares are held in “street name”, you must demonstrate proof of beneficial ownership to virtually attend the Annual Meeting and must obtain a legal proxy from your bank, broker or other nominee to vote at the Annual Meeting. Only stockholders who have registered to attend the meeting by June 11, 2023 at 5:00 p.m., Eastern Time, using the process described above may vote during the meeting.

Even if you plan to attend the Annual Meeting online, we urge you to vote your shares by proxy in advance of the Annual Meeting so that if you should become unable to attend the Annual Meeting your shares will be voted as directed by you.

Can I Vote My Shares by Filling Out and Returning the Notice of Internet Availability of Proxy Materials?

No. The Notice of Availability and proxy card contain instructions on how to vote by proxy via the Internet, by telephone, by requesting and returning a paper proxy card, or by voting online while virtually attending the Annual Meeting.

How Do I Submit a Question for the Annual Meeting?

If you wish to submit a question for the Annual Meeting, you may do so during the registration process for the Annual Meeting. In addition, on the day of the Annual Meeting, beginning at 9:45 a.m., Eastern Time, on June 13, 2023, you may submit a question for the Annual Meeting by logging into the virtual meeting platform using the unique link provided to you via email one hour prior to the start of Annual Meeting and following the instructions there.

Our virtual meeting will be governed by our Rules of Conduct and Procedures which will be posted at <https://www.proxydocs.com/INZY> during the Annual Meeting. The Rules of Conduct and Procedures will address the ability of stockholders to ask questions during the meeting, including rules on permissible topics, and rules for

how questions and comments will be recognized and disclosed to meeting participants. We will answer appropriate questions that are pertinent to our company and the matters to be voted on by the stockholders at the Annual Meeting. Because time is limited at the Annual Meeting, we may not be able to answer all questions that are submitted. If there are any matters of individual concern to a stockholder and not of general concern to all stockholders, or if a question was not otherwise answered, such matters may be raised separately after the Annual Meeting by contacting Investor Relations at ir@inozyme.com. To promote fairness and the efficient use of our resources and to address all stockholder questions, we will limit each stockholder to two questions, which should each be succinct and should cover only one topic. Questions from multiple stockholders on the same topic or that are otherwise related may be grouped, summarized and answered together.

May I See a List of Stockholders Entitled to Vote as of the Record Date?

A list of registered stockholders as of the close of business on the record date will be available for examination by any stockholder for any purpose germane to the Annual Meeting for a period of at least 10 days prior to the Annual Meeting. If you wish to view this list, please contact our Secretary at Inozyme Pharma, Inc., 321 Summer Street, Suite 400, Boston, MA 02116, (857) 330-4340. Such list will also be available for examination by our stockholders of record during the Annual Meeting using the unique link provided via email following the completion of registration for the Annual Meeting.

Quorum

A quorum of stockholders is necessary to hold a valid meeting. Our amended and restated bylaws provide that a quorum will exist if stockholders holding a majority of the shares of stock issued and outstanding and entitled to vote at the meeting are present at the meeting in person or represented by proxy. Shares that are represented virtually during the Annual Meeting will be considered shares of common stock represented in person at the meeting for purposes of determining whether a quorum exists. If a quorum is not present, we expect to adjourn the Annual Meeting until a quorum is obtained.

Abstentions and “broker non-votes” count as present for establishing a quorum but will not be counted as votes cast. Broker non-votes occur when your bank, broker or other nominee submits a proxy for your shares (because the bank, broker or other nominee has received instructions from you on one or more proposals, but not all proposals, or has not received instructions from you but is entitled to vote on a particular “discretionary” matter) but does not indicate a vote for a particular proposal because the bank, broker or other nominee either does not have the authority to vote on that proposal and has not received voting instructions from you or has discretionary authority but chooses not to exercise it.

Ballot Measures Considered “Discretionary” and “Non-Discretionary”

If your shares are held in “street name,” your bank, broker or other nominee may under certain circumstances vote your shares if you do not return voting instructions. Banks, brokers or other nominees are permitted to vote customers’ shares for which they have received no voting instructions on specified “discretionary” matters, but they are not permitted to vote these shares on “non-discretionary” matters.

The election of directors (Proposal No. 1) is considered a non-discretionary matter under applicable rules. Therefore, if your shares are held in “street name,” your bank, broker or other nominee cannot vote on this matter without voting instructions from you. If you do not instruct your bank, broker or other nominee how to vote with respect to the election of directors (Proposal No. 1), your bank, broker or other nominee may not vote with respect to this proposal and your shares will be counted as “broker non-votes.”

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2023 (Proposal No. 2) is considered a discretionary matter under applicable rules. Therefore, if your shares are held in “street name,” we expect that your bank, broker or other nominee will be able to exercise discretionary authority to vote on this matter in the absence of voting instructions from you. If your bank, broker or other nominee exercises this discretionary authority, no broker non-votes are expected to occur in connection with Proposal No. 2.

Votes Required to Elect a Director and to Ratify Appointment of Ernst & Young LLP

A nominee will be elected as a director if the nominee receives a plurality of the votes cast by stockholders entitled to vote at the meeting (Proposal No. 1). Votes withheld and broker non-votes will not be counted as votes cast or voted on Proposal No. 1. Accordingly, votes withheld and broker non-votes will have no effect on the voting on Proposal No. 1.

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023 requires the affirmative vote of a majority of the shares of common stock present or represented by proxy and voted “for” or “against” such matter (Proposal No. 2). Abstentions and broker non-votes will not be counted as votes cast or voted on Proposal No. 2. Accordingly, abstentions and broker non-votes will have no effect on the voting on Proposal No. 2.

Method of Counting Votes

Each holder of common stock is entitled to one vote at the Annual Meeting on each matter to come before the Annual Meeting, including the election of directors, for each share held by such stockholder as of the record date.

Votes cast online during the Annual Meeting or by proxy by mail, via the Internet or by telephone will be tabulated by the inspector of election appointed for the Annual Meeting, who will also determine whether a quorum is present.

Revoking a Proxy; Changing Your Vote

If you are a stockholder of record, you may revoke your proxy before the vote is taken at the Annual Meeting:

- by submitting a new proxy with a later date before the applicable deadline either signed and returned by mail or transmitted using the telephone or Internet voting procedures described in the “How to Vote” section above, in each case, prior to the Annual Meeting;
- by voting online at the Annual Meeting using the procedures described in the “How to Vote” section above; or
- by filing a written revocation with our corporate secretary prior to the Annual Meeting.

If your shares are held in “street name,” you may submit new voting instructions by contacting your bank, broker or other nominee holding your shares. You may also vote online during the Annual Meeting, which will have the effect of revoking any previously submitted voting instructions, if you obtain a legal proxy from the organization that holds your shares and follow the procedures described in the “How to Vote” section above.

Your virtual attendance at the Annual Meeting, without voting online during the Annual Meeting, will not revoke your proxy.

Costs of Proxy Solicitation

We will bear the costs of soliciting proxies. Our directors, officers and regular employees, without additional remuneration, may solicit proxies by mail, telephone, facsimile, email, personal interviews and other means.

Voting Results

We plan to announce preliminary voting results at the Annual Meeting and will publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days following the Annual Meeting.

PROPOSAL NO. 1—ELECTION OF THREE CLASS III DIRECTORS

Our board of directors currently consists of eight members. In accordance with the terms of our restated certificate of incorporation, our board of directors is divided into three classes (Class I, Class II and Class III), with members of each class serving staggered three-year terms. The members of the classes are divided as follows:

- the Class I directors are Axel Bolte, Robert Hopfner and Edward Mathers, and their term expires at the annual meeting of stockholders to be held in 2024;
- the Class II directors are Sarah Bhagat and Reinaldo Diaz, and their term expires at the annual meeting of stockholders to be held in 2025; and
- the Class III directors are Martin Edwards, Lynne Sullivan and Douglas Treco, and their term expires at the Annual Meeting.

Upon the expiration of the term of a class of directors, directors in that class will be eligible to be elected for a new three-year term at the annual meeting of stockholders in the year in which their term expires.

Our restated certificate of incorporation provides that the authorized number of directors may be changed only by resolution of our board of directors. Our restated certificate of incorporation also provides that our directors may be removed only for cause and only by the affirmative vote of the holders of at least 75% of the votes that all our stockholders would be entitled to cast in an annual election of directors, and that any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office.

Our board of directors has nominated Martin Edwards, Lynne Sullivan and Douglas Treco for election as Class III directors at the Annual Meeting. Dr. Edwards, Ms. Sullivan and Dr. Treco are each presently directors, and each have indicated a willingness to continue to serve as a director, if elected.

If no contrary indication is made, proxies are to be voted for Dr. Edwards, Ms. Sullivan and Dr. Treco, or in the event that Dr. Edwards, Ms. Sullivan or Dr. Treco is not a candidate or is unable to serve as a director at the time of the election (which is not currently expected), for any nominee who is designated by our board of directors to fill the vacancy.

We have no formal policy regarding board diversity, but our Corporate Governance Guidelines provide that the value of diversity should be considered and that the background and qualifications of the members of our board of directors considered as a group should provide a significant breadth of experience, knowledge, and ability to assist our board of directors in fulfilling its responsibilities, as well as diversity of gender, race, ethnicity, sexual identity, age, and academic background. Our priority in selection of board members is identification of members who will further the interests of our stockholders through their established records of professional accomplishment, the ability to contribute positively to the collaborative culture among our board members, knowledge of our business, understanding of the competitive landscape in which we operate and adherence to high ethical standards. Certain individual qualifications and skills of our directors that contribute to our board of directors' effectiveness as a whole are described in the following paragraphs.

Nominees for Election as Class III Directors

Biographical information as of March 31, 2023, including principal occupation and business experience during the last five years, for our nominees for election as Class III directors at our Annual Meeting is set forth below.

Martin Edwards, M.D., age 67, has served on our board of directors since September 2017. From 2003 to September 2020, Dr. Edwards served as a senior partner at Novo Holdings A/S, a Danish limited liability company that manages investments and financial assets. Earlier in his career, Dr. Edwards served as chief executive officer of ReNeuron Ltd., a stem cell research company based in the United Kingdom, and as global head of drug development for Novo Nordisk A/S, where he led both preclinical and clinical drug development. Dr. Edwards currently serves on the board of directors of Reata Pharmaceuticals Inc., Morphic Holding, Inc., and Verona Pharma plc, all publicly traded pharmaceutical companies, and previously served on the board of directors of CoLucid Pharmaceuticals, Inc., from January 2015 to March 2017 and KalVista Pharmaceuticals, Inc., from July 2019 to October 2022, both publicly traded pharmaceutical companies. Dr. Edwards received an M.B.A. from the University of Warwick in England and degrees in medicine and physiology from the University of Manchester in England. We believe Dr. Edwards is qualified to serve on our board of directors based on his medical background and extensive experience as an investor and executive in the pharmaceutical industry.

Lynne Sullivan, age 57, has served on our board of directors since May 2020. Ms. Sullivan has served as chief financial officer of UNITY Biotechnology, Inc., a biotechnology company since September 2020. Ms. Sullivan served as chief financial officer of Compass Therapeutics, LLC, a biotechnology company, from December 2018 to August 2019. Ms. Sullivan served in various roles at Biogen Inc., a

biotechnology company, including vice president of tax from April 2008 to February 2015, vice president of tax and corporate finance from February 2015 to March 2016 and senior vice president of finance from March 2016 to December 2018. Ms. Sullivan currently serves on the board of directors of Solid Biosciences Inc. and BiomX Inc., both publicly traded biopharmaceutical companies. Ms. Sullivan was a certified public accountant for over 25 years. Ms. Sullivan received a B.S.B.A. in accounting from Suffolk University and an M.S. in taxation from Bentley University. We believe Ms. Sullivan's extensive financial expertise and her experience working in the healthcare sector qualifies her to serve on our board of directors.

Douglas Treco, Ph.D., age 65, has served as our chief executive officer since April 2023 and as the chairman of our board of directors since May 2020. From April 2021 to April 2022, Dr. Treco was chief executive officer of Alchemab Therapeutics, a biopharmaceutical company. Dr. Treco co-founded Ra Pharmaceuticals, Inc., or Ra Pharma, a biopharmaceutical company, in 2008, which was acquired by UCB S.A. in April 2020. The board of directors recommends voting "FOR" the election of Martin Edwards, Lynne Sullivan and Douglas Treco as Class III directors for a three-year term ending at the annual meeting of stockholders to be held in 2026.

PROPOSAL NO. 2—RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2023

Our stockholders are being asked to ratify the appointment by the audit committee of the board of directors of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023. Ernst & Young LLP has served as our independent registered public accounting firm since 2017.

The audit committee is solely responsible for selecting our independent registered public accounting firm for the fiscal year ending December 31, 2023. Stockholder approval is not required to appoint Ernst & Young LLP as our independent registered public accounting firm. However, the board of directors believes that submitting the appointment of Ernst & Young LLP to the stockholders for ratification is good corporate governance. If the stockholders do not ratify this appointment, the audit committee will reconsider whether to retain Ernst & Young LLP. If the selection of Ernst & Young LLP is ratified, the audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time it decides that such a change would be in the best interest of our company and our stockholders.

A representative of Ernst & Young LLP is expected to virtually attend the Annual Meeting and will have an opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions from our stockholders.

We incurred the following fees from Ernst & Young LLP for the audit of the consolidated financial statements and for other services provided during the years ended December 31, 2022 and 2021.

Audit Committee Pre-Approval Policy and Procedures

Our audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by our audit committee or the engagement to render the service is entered into pursuant to the audit committee’s pre-approval procedure described below.

From time to time, our audit committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. At the time such pre-approval is granted, the audit committee must identify the particular pre-approved services in a sufficient level of detail so that our management will not be called upon to make a judgment as to whether a proposed service fits within the pre-approved services and, at each regularly scheduled meeting of the audit committee following such pre-approval, management or the independent registered public accounting firm shall report to the audit committee regarding each service actually provided to us pursuant to such pre-approval.

During our 2022 and 2021 fiscal years, no services were provided to us by Ernst & Young LLP other than in accordance with the pre-approval policies and procedures described above.

The board of directors recommends voting “FOR” Proposal No. 2 to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2023.

CORPORATE GOVERNANCE

Director Nomination Process

Our nominating and corporate governance committee is responsible for identifying individuals qualified to serve as directors, consistent with criteria approved by our board of directors, and recommending the persons to be nominated for election as directors, except where we are legally required by contract, law or otherwise to provide third parties with the right to nominate director candidates.

The process followed by our nominating and corporate governance committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and our board of directors. While there are no specific minimum qualifications for a committee-recommended nominee to our board of directors, the qualifications, qualities and skills that our nominating and corporate governance committee believes must be met by a committee-recommended nominee for a position on our board of directors are as follows:

- Nominees should have a reputation for integrity, honesty and adherence to high ethical standards.
- Nominees should have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to our current and long-term objectives and should be willing and able to contribute positively to our decision-making process.
- Nominees should have a commitment to understand our company and our industry and to regularly attend and participate in meetings of our board of directors and its committees.
- Nominees should have the interest and ability to understand the sometimes-conflicting interests of our various constituencies, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders.
- Nominees should not have, nor appear to have, a conflict of interest that would impair the nominee's ability to represent the interests of all of our stockholders and to fulfill the responsibilities of a director.
- The value of diversity on the board of directors should be considered. Nominees should represent a diverse array of personal and professional characteristics, including, for example, gender, racial or ethnic identity, sexual identity, age, academic background, professional experience in the United States or internationally and/or expertise in a particular discipline or field. Nominees will not be discriminated against on the basis of gender, race, ethnicity, national origin, sex, sexual orientation, sexual identity, religion, disability or any other basis proscribed by law.
- Nominees should normally be able to serve for at least five years before reaching the age of 75.

The nominating and corporate governance committee may use a third-party search firm in those situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

Stockholders may recommend individuals to the nominating and corporate governance committee for consideration as potential director candidates. Any such proposals should be submitted to our corporate secretary at our principal executive offices and should include appropriate biographical and background material to allow the nominating and corporate governance committee to properly evaluate the potential director candidate and the number of shares of our stock beneficially owned by the stockholder proposing the candidate.

Assuming that biographical and background material has been provided on a timely basis, any recommendations received from stockholders will be evaluated in the same manner as potential nominees proposed by the nominating and corporate governance committee. If our board of directors decides to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included on our proxy card for the next annual meeting.

Director Independence

Applicable Nasdaq rules require a majority of a listed company’s board of directors to be comprised of independent directors within one year of listing. In addition, Nasdaq rules require that, subject to specified exceptions, each member of a listed company’s audit, compensation and nominating and corporate governance committees be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and compensation committee members must also satisfy the independence criteria set forth in Rule 10C-1 under the Exchange Act. Under applicable Nasdaq rules, a director will only qualify as an “independent director” if, among other things, in the opinion of the listed company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee, accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries or otherwise be an affiliated person of the listed company or any of its subsidiaries. In order to be considered independent for purposes of Rule 10C-1, the board of directors must consider, for each member of a compensation committee of a listed company, all factors specifically relevant to determining whether a director has a relationship to such company which is material to that director’s ability to be independent from management in connection with the duties of a compensation committee member, including, but not limited to: (1) the source of compensation of the director, including any consulting advisory or other compensatory fee paid by such company to the director; and (2) whether the director is affiliated with the company or any of its subsidiaries or affiliates.

In April 2023, our board of directors undertook a review of the independence of each director. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our board of directors has determined that each of our directors, with the exception of Dr. Treco and Mr. Bolte, is an “independent director” as defined under applicable Nasdaq rules, including, in the case of all the members of our audit committee, the independence criteria set forth in Rule 10A-3 under the Exchange Act, and in the case of all the members of our compensation committee, the independence criteria set forth in Rule 10C-1 under the Exchange Act. In making such determination, our board of directors considered the relationships that each such non-employee director has with our company and all other facts and circumstances that our board of directors deemed relevant in determining his or her independence, including the beneficial ownership of our capital stock by each non-employee director. Dr. Treco is not an

independent director under these rules because he serves as our chief executive officer. Mr. Bolte is not an independent director under these rules because he previously served as our president and chief executive officer until April 1, 2023.

There are no family relationships among any of our directors or executive officers.

Board Committees

Our board of directors has established an audit committee, a compensation committee, a nominating and corporate governance committee and a research and development committee. Each of the audit committee, compensation committee, nominating and corporate governance committee and research and development committee operates under a charter, and each such committee reviews its respective charter at least annually. A current copy of the charter for each of the audit committee, the compensation committee and the nominating and corporate governance committee is posted on the “Governance” section of the “Investor Relations” section of our website, which is located at www.inozyme.com. Our board of directors may also appoint from time to time ad hoc committees to address specific matters.

Audit Committee

The members of our audit committee are Lynne Sullivan, Sarah Bhagat and Martin Edwards. Ms. Sullivan serves as chair of the audit committee. Our audit committee met four times during 2022. Our audit committee’s responsibilities include:

- appointing, approving the compensation of, and assessing the independence of our registered public accounting firm;
- overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of reports from that firm;
- reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;
- overseeing our risk assessment and risk management policies;
- establishing procedures for the receipt and retention of accounting related complaints and concerns;
- meeting independently with our internal auditing staff, if any, our independent registered public accounting firm and management;
- reviewing and approving or ratifying any related person transactions; and
- preparing the audit committee report required by SEC rules.

All audit and non-audit services, other than *de minimis* non-audit services, to be provided to us by our independent registered public accounting firm must be approved in advance by our audit committee.

Our board of directors has determined that Lynne Sullivan is an “audit committee financial expert” as defined in applicable SEC rules and that each of the members of our audit committee possesses the financial sophistication required for audit committee members under Nasdaq rules. We believe that the composition of our audit committee meets the requirements for independence under current Nasdaq and SEC rules and regulations.

Compensation Committee

The members of our compensation committee are Reinaldo Diaz, Robert Hopfner and Edward Mathers. Mr. Diaz serves as chair of the compensation committee. Our compensation committee met five times during 2022. Our compensation committee’s responsibilities include:

- reviewing and approving, or making recommendations to our board of directors with respect to, the compensation of our chief executive officer and our other executive officers;
 - overseeing an evaluation of our senior executives;
-

- overseeing and administering our cash and equity incentive plans;
- reviewing and making recommendations to our board of directors with respect to director compensation;
- reviewing and discussing annually with management our “Compensation Discussion and Analysis” disclosure if and to the extent then required by SEC rules; and
- preparing the compensation committee report if and to the extent then required by SEC rules.

Under its charter, the compensation committee may form, and delegate authority to, subcommittees, consisting of independent directors, as it deems appropriate. During 2022, the compensation committee did not form or delegate authority to such subcommittees.

In addition, under its charter, the compensation committee may delegate to one or more executive officers the power to grant options or other stock awards pursuant to our 2020 Stock Incentive Plan to employees who are not directors or executive officers of our company. During 2022 and 2023, the compensation committee delegated to the chief executive officer authority to grant stock options to employees who are not directors, officers or employees at the vice president level or above.

We believe that the composition of our compensation committee meets the requirements for independence under current Nasdaq and SEC rules and regulations.

Nominating and Corporate Governance Committee

The members of our nominating and corporate governance committee are Martin Edwards and Edward Mathers. Dr. Treco served as member of our nominating and corporate governance committee prior to his appointment as our chief executive officer effective April 1, 2023. Our nominating and corporate governance committee met once during 2022. Our nominating and corporate governance committee’s responsibilities include:

- recommending to our board of directors the persons to be nominated for election as directors and to each of our board’s committees;
- reviewing and making recommendations to our board of directors with respect to our board leadership structure;
- reviewing and making recommendations to our board of directors with respect to management succession planning;
- developing and recommending to our board of directors corporate governance guidelines;
- reviewing and reporting to our board of directors concerning our corporate responsibility and sustainability efforts, including the impact of environmental and social issues; and
- overseeing a periodic evaluation of our board of directors.

We believe that the composition of our nominating and corporate governance committee meets the requirements for independence under current Nasdaq and SEC rules and regulations.

Research and Development Committee

The members of our research and development committee are Martin Edwards and Douglas Treco. Dr. Treco serves as chair of the research and development committee. Our research and development committee was formed in September 2022 and did not meet during 2022. Our research and development committee’s responsibilities include:

- reviewing, evaluating, and advising our board of directors and management regarding the long-term strategic goals and objectives and the quality and direction of our research and development programs;
 - monitoring, evaluating, and discussing significant emerging science and technology issues and trends, including their impact on our research and development programs, plans, or policies;
 - reviewing our research and development pipeline; and
-

- assisting our board of directors with its oversight responsibility for program risk management in areas affecting our research and development.

Compensation Committee Interlocks and Insider Participation

During 2022, the members of our compensation committee were Reinaldo Diaz, Robert Hopfner and Edward Mathers. None of our executive officers serves, or in the past year has served, as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any other entity that has one or more of its executive officers serving as a member of our board of directors or our compensation committee. None of the current members, or members serving during 2022, of our compensation committee is, or has ever been, an officer or employee of our company.

Board of Director Meetings and Attendance

Our board of directors recognizes the importance of director attendance at board and committee meetings. The full board of directors met eight times during 2022. During 2022, each member of the board of directors attended in person or participated in 75% or more of the aggregate of (i) the total number of meetings held by the board of directors (during the period that such person served as a director) and (ii) the total number of meetings held by all committees of the board of directors on which such person served (during the periods that such person served).

Director Attendance at Annual Meeting of Stockholders

Our corporate governance guidelines provide that directors are responsible for attending the annual meeting of stockholders. Six of our then-serving directors attended our 2022 annual meeting of stockholders.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted a current copy of the code on the “Governance” section of the “Investor Relations” section of our website, which is located at www.inozyme.com. In addition, we intend to post on our website all disclosures that are required by law or Nasdaq listing standards concerning any amendments to, or waivers from, any provision of the code.

Corporate Governance Guidelines

Our board of directors has adopted corporate governance guidelines to assist the board of directors in the exercise of its duties and responsibilities and to serve the best interests of our company and our stockholders. These guidelines provide that:

- the principal responsibility of our board of directors is to oversee our management;
- a majority of the members of the board of directors must be independent directors, unless otherwise permitted by Nasdaq rules;
- the independent directors meet in executive session at least twice a year;
- directors have full and free access to management and, as necessary, independent advisors;
- new directors participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and
- our nominating and corporate governance committee will oversee a periodic self-evaluation of the board of directors to determine whether it and its committees are functioning effectively.

A copy of the corporate governance guidelines is available on the “Governance” section of the “Investor Relations” section of our website, which is located at www.inozyme.com.

Board Leadership Structure and Oversight of Risk

Our corporate governance guidelines provide that the nominating and corporate governance committee shall periodically assess the board of directors’ leadership structure, including whether the offices of chief executive

officer and chairman of the board of directors should be separate, whether we should have a lead independent director, and why the board of directors' leadership structure is appropriate given the specific characteristics or circumstances of our company. Our guidelines provide the board of directors with flexibility to determine whether the two roles should be combined or separated based upon our needs and the board of directors' assessment of its leadership from time to time.

As of April 1, 2023, Dr. Treco serves as our chief executive officer and the chairman of the board of directors. Our board of directors believes that combining the chairman and chief executive officer positions fosters clear accountability, effective decision-making and alignment of corporate strategy, and, taken together with our lead independent director, is the appropriate leadership structure for us at this time. Our board believes that Dr. Treco's combined role of chairman and chief executive officer promotes effective execution of strategic goals and facilitates information flow between management and our board of directors. As of April 1, 2023, Mr. Diaz serves as our lead independent director because the chairman of our board of directors is our chief executive officer and is not independent within the meaning of the Nasdaq listing rules. Mr. Diaz's duties as lead independent director include the following:

- chairing meetings of the independent directors in executive session;
- meeting with any director who is not adequately performing his or her duties as a member of our board of directors or any committee;
- facilitating communications between other members of our board of directors and our chairman and chief executive officer;
- monitoring, with the assistance of our chief operations officer and chief financial officer, communications from stockholders and other interested parties and providing copies or summaries to the other directors as he or she considers appropriate;
- working with our chairman and chief executive officer in the preparation of the agenda for each board meeting and in determining the need for special meetings of our board of directors; and
- consulting with our chairman and chief executive officer on matters relating to corporate governance and board performance.

Our board of directors believes its administration of its risk oversight function has not affected its leadership structure. Our board of directors believes that we have an appropriate leadership structure for us at this time which demonstrates our commitment to good corporate governance. Our nominating and corporate governance committee evaluates our board leadership structure from time to time and may recommend further alterations of this structure in the future.

Risk is inherent with every business and how well a business manages risk can ultimately determine its success. We face a number of risks, including those described under "Risk Factors" in our annual report on Form 10-K for the year ended December 31, 2022. Our board of directors is actively involved in oversight of risks that could affect us. Our board of directors oversees our risk management processes directly and through its committees. Our management is responsible for risk management on a day-to-day basis and our board of directors and its committees oversee the risk management activities of management. Our audit committee oversees risk management activities related to financial controls and legal and compliance risks. Oversight by the audit committee includes direct communication with our independent registered public accounting firm. Our compensation committee oversees risk management activities relating to our compensation policies and practices and assessing whether any of our compensation policies or programs has the potential to encourage excessive risk-taking. Oversight by the compensation committee includes direct communication with our independent compensation consultants. Our nominating and corporate governance committee oversees risk management activities relating to board and committee composition, management succession planning and corporate sustainability efforts, including the impact of environmental and social issues. Our research and development committee assists the board's oversight of our research and development activities. EXECUTIVE AND DIRECTOR COMPENSATION

This section describes the material elements of compensation awarded to, earned by or paid to each of our named executive officers for 2022 and our non-employee directors. Our named executive officers for 2022 were Axel Bolte, Henric Bjarke and Sanjay S. Subramanian. Mr. Bolte retired and resigned as our president and chief executive officer effective as of April 1, 2023. Mr. Bjarke resigned as our chief operating officer effective as of December 31, 2022.

This section provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our executive officers and directors and is intended to place in perspective the data presented in the tables and narrative that follow.

Executive and Director Compensation Processes

Our executive compensation program is administered by the compensation committee of our board of directors, subject to the oversight and approval of our board of directors. Our compensation committee reviews our executive compensation practices on an annual basis and based on this review approves, or, as appropriate, makes recommendations to our board of directors for approval of, our executive compensation program. Our director compensation program is administered by our board of directors based on recommendations by the compensation committee. Our compensation committee periodically reviews our director compensation program and makes recommendations to the board of directors with respect thereto.

In designing our executive compensation program and our director compensation program, our compensation committee considers compensation data from comparable publicly traded companies in the biotechnology and the biopharmaceutical industry (based on, among other things, industry market capitalization, headcount and location) provided by our independent compensation consultant, which was Aon's Human Capital Solutions practice, a division of Aon plc (formerly Radford), until June 2022, and Alpine Rewards, following June 2022.

During 2022, our compensation committee retained Aon and then Alpine Rewards to advise the compensation committee on our compensation program for executive officers, which includes base salaries, annual performance-based cash bonuses, annual equity incentive awards and severance arrangements, and on the director compensation program, which includes board and committee fee retainers and equity awards. The compensation committee established a peer group. The compensation consultants made recommendations with respect to the amount and form of executive officer and director compensation. Although our compensation committee considers the advice and guidance of the compensation consultants as to our executive compensation program and our director compensation program, our compensation committee ultimately makes its own decisions about these matters. In the future, we expect that our compensation committee will continue to engage independent compensation consultants to provide additional guidance on our executive and director compensation programs and to conduct further competitive benchmarking against a peer group of publicly traded companies.

The compensation committee reviewed information regarding the independence and potential conflicts of interest of Alpine, taking into account, among other things, the factors set forth in the Nasdaq listing standards. Based on such review, the compensation committee concluded that the engagement of Alpine did not raise any conflict of interest. The compensation committee previously made a similar determination with respect to the engagement of Aon.

Narrative to Summary Compensation Table

Base Compensation. We use base compensation or salaries to recognize the experience, skills, knowledge and responsibilities required of our executive officers. None of our executive officers is currently party to an employment agreement or other agreement or arrangement that provides for automatic or scheduled increases in base compensation or salary.

Effective March 1, 2022, our compensation committee increased Mr. Bolte’s annual base salary from \$540,750 to \$559,676 and increased Mr. Bjarke’s annual base salary from \$443,106 to \$458,615. In March 2022, our board of directors set Mr. Subramanian’s salary at \$430,000 in connection with the commencement of his employment as our chief financial officer.

Effective March 1, 2023, our compensation committee set Mr. Subramanian’s salary at \$447,200.

Annual Bonus. From time to time, our board of directors or our compensation committee has approved annual cash bonuses to our executive officers with respect to their prior year performance. Our executive officers are eligible for annual performance-based bonuses up to a specified percentage of their base salary, subject to approval by our board of directors or the compensation committee. Performance-based bonuses, which are calculated as a percentage of base salary, are designed to motivate our executive officers to achieve annual goals based on our strategic, financial and operating performance objectives.

The 2022 target bonus amounts, expressed as a percentage of 2022 base salary, were 55% for Mr. Bolte and 40% for each of Mr. Bjarke and Mr. Subramanian.

For 2022, bonuses were based on corporate objectives relating to regulatory and clinical progress and development for INZ-701, manufacturing activities, and financing. With respect to 2022 performance, our compensation committee reviewed performance against the 2022 corporate goals and determined that the corporate goals were achieved at 100% for the executive officers. The compensation committee approved 2022 cash bonuses of \$306,087 for Mr. Bolte and \$189,200 for Mr. Subramanian, which amounts represented approximately 100% and 110% of such officer’s target bonus amounts, respectively. Mr. Bjarke was not entitled to receive a cash bonus for 2022 performance.

Equity Incentives. Although we do not have a formal policy with respect to the grant of equity incentive awards to our executive officers, or any formal equity ownership guidelines applicable to them, we believe that equity grants provide our executive officers with a strong link to our long-term performance, create an ownership culture and help to align the interests of our executive officers and our stockholders. In addition, we believe that equity grants with a time-based vesting feature promote executive officer retention, because this feature incentivizes our executive officers to remain in our employment during the vesting period. Accordingly, our board of directors or our compensation committee periodically reviews the equity incentive compensation of our executive officers and from time to time may grant equity incentive awards to them in the form of stock options.

In February 2022, we granted options to purchase 275,000 and 115,000 shares of our common stock under our 2020 Stock Incentive Plan, or the 2020 Plan, to Mr. Bolte and Mr. Bjarke, respectively, at an exercise price per share of \$5.78. Such options vest in equal monthly installments over a term of four years from the vesting commencement date of February 24, 2022. In March 2022, we granted an option to purchase 180,000 shares of our common stock under the 2020 Plan to Mr. Subramanian, at an exercise price per share of \$3.96. Such option vests as to 25% of the shares underlying the option on March 21, 2023 and as to 2.0833% of the shares subject to the option at the end of each successive one-month period following March 21, 2023 until March 21, 2026.

In March 2023, we granted an option to purchase 135,000 shares of our common stock under the 2020 Plan to Mr. Subramanian, at an exercise price per share of \$3.30. Such option vests in equal monthly installments over a term of four years from the vesting commencement date of March 23, 2023.

Prior to our initial public offering, our executive officers were eligible to participate in our Amended and Restated 2017 Equity Incentive Plan, as amended to date, or the 2017 Plan, and all options were granted pursuant to the 2017 Plan, other than the stock option grants that were effective upon the effectiveness of the registration statement for our initial public offering in July 2020, which were granted pursuant to the 2020 Plan. Following the closing of our initial public offering, our employees and executive officers became eligible to receive stock options and other stock-based awards pursuant to our 2020 Plan. For a description of our 2017 Plan and our 2020 Plan, see “—Stock Option and Other Compensation Plans” below.

We use stock options to compensate our executive officers in the form of initial grants in connection with the commencement of employment and also at various times, often but not necessarily annually, if we or they have performed as expected or better than expected. None of our executive officers is currently party to an employment agreement that provides for the automatic award of stock options. We have granted option awards to our executive officers with time-based vesting and performance-based vesting. The option awards that we have granted to our executive officers in connection with commencement of employment typically become exercisable as to 25% of the shares underlying the option on the first anniversary of the vesting commencement date and as to an additional 2.0833% of the original number of shares underlying the option monthly thereafter. The option awards that we have granted to our executive officers at times other than in connection with employment typically become exercisable in equal monthly installments over a term of four years from the applicable vesting commencement date. Vesting rights cease upon termination of service and exercise rights for previously vested stock options cease shortly after termination, though exercisability is extended in the case of death or disability. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including no voting rights and no right to receive dividends or dividend equivalents.

We have historically granted stock options with exercise prices that are equal to the fair market value of our common stock on the date of grant as determined by our board of directors, based on a number of objective and subjective factors. The exercise price of all stock options granted after the closing of our initial public offering is equal to the fair market value of shares of our common stock on the date of grant, which is determined by reference to the closing market price of our common stock on the Nasdaq Global Select Market on the date of grant.

Employment and Other Agreements

We have entered into written employment agreements with each of our executive officers. These agreements set forth the terms of the executive officer's compensation, including base salary, annual discretionary bonus eligibility and severance benefits, among other matters. The employment agreements with Mr. Bolte, Mr. Bjarke and Mr. Subramanian, our named executive officers, and Dr. Treco, our chief executive officer as of April 1, 2023, are summarized below. In addition, we have entered into separation and consulting agreements with Mr. Bolte and Mr. Bjarke in connection with their respective resignations, the terms of which are also summarized below.

Employment Agreement with Axel Bolte

In March 2021, Inozyme Pharma Switzerland GmbH, or the GmbH, our wholly owned subsidiary, entered into an employment contract with Mr. Bolte, effective April 1, 2021, in connection with the transfer of Mr. Bolte's employment to the GmbH, which we refer to as the Bolte employment contract. Under the Bolte employment contract, Mr. Bolte served as the chief executive officer to the group consisting of us and our subsidiaries, or the Group. The Bolte employment contract superseded and replaced an employment agreement we entered into with Mr. Bolte in July 2020 in connection with his employment as our chief executive officer, which employment agreement superseded a consulting agreement for Mr. Bolte's services that we previously entered into in June 2017, as it was subsequently amended.

Under the Bolte employment contract, Mr. Bolte's employment can be terminated by Mr. Bolte or by the GmbH upon one month's notice of termination, except under certain limited circumstances whereby the GmbH can terminate Mr. Bolte immediately under Swiss law. For a period of 24 months following July 23, 2020, Mr. Bolte was reimbursed for his travel expenses between his home and our Boston area headquarters.

Under the Bolte employment contract, Mr. Bolte was entitled, subject to his execution and nonrevocation of a release of claims in favor of the GmbH and his continued compliance with certain restrictive covenants, in the event of the termination of his employment by the GmbH without cause or by him for good reason, each as defined in the Bolte employment contract, to (1) continued payment of his then-current annual base salary for a period of 12 months following the date his release of claims becomes effective, (2) continued payment by the GmbH of its share of the COBRA premiums for health benefit coverage for a period of up to 12 months following the date that his employment is terminated, and (3) payment of a pro-rated portion of his annual target discretionary bonus that he would otherwise have received based on individual and Group performance in a lump sum on the date the first installment of severance pay is paid.

The aggregate amount of severance payments payable as described above were subject to reduction by any amount Mr. Bolte may have been entitled to under statutory Swiss employment legal provisions applicable in case of the termination of the Bolte employment contract, such as, but not limited to, gross salary (including bonus), any compensation for unfair dismissal or dismissal without notice under statutory Swiss law or daily benefits paid by a social security fund.

Separation Agreement and Consulting Agreement with Axel Bolte

On March 21, 2023, we entered into a transition and separation letter agreement with Mr. Bolte, or the Bolte Separation Agreement. The Bolte Separation Agreement provides for (i) Mr. Bolte's resignation from his position as our president and chief executive officer and as chief executive officer of the GmbH, in each case effective as of April 1, 2023, and (ii) Mr. Bolte's separation from employment with the GmbH as of April 30, 2023, or the Separation Date. Pursuant to the Bolte Separation Agreement, during the time between April 1, 2023 and the Separation Date, Mr. Bolte will continue to receive his current base salary, as adjusted to reflect net pay of \$25,000 per month. Pursuant to the Bolte Separation Agreement, as of the Separation Date, Mr. Bolte is entitled, subject to his execution and nonrevocation of a release of claims in favor of the GmbH and its affiliates, including the company, and his continued compliance with certain restrictive covenants, to (i) continued payment of his current base salary for a period of 12 months following the date his release of claims becomes effective, for an aggregate of \$558,558, (ii) continued payment by the GmbH of its share of the COBRA premiums for health benefit coverage for a period of up to 12 months following the date that his employment is terminated, and (iii) payment of a pro-rated portion of his annual target discretionary bonus that he would otherwise have received based on individual and company performance in a lump sum on the date the first installment of severance pay is paid. The Bolte Separation Agreement also provides for, among other things, non-disclosure obligations applicable to Mr. Bolte and mutual non-disparagement obligations. We have also agreed to reimburse Mr. Bolte for reasonable attorneys' fees in connection with the negotiation of the Bolte Separation Agreement in an amount not to exceed \$25,000.

In connection with his resignation, we and Mr. Bolte intend to enter into a Consulting Agreement, or the Bolte Consulting Agreement, to be effective as of May 1, 2023, or the Consulting Start Date, pursuant to which Mr. Bolte will serve as a senior advisor and assist with the transition of his duties and provide other strategic and operational consulting and advisory services, as requested from time to time by us. Mr. Bolte will be compensated at a rate of \$25,000 per month for his services under the Bolte Consulting Agreement for the first three months of the term of the Bolte Consulting Agreement, or the Initial Period. Following the Initial Period, Mr. Bolte will be compensated at a specified hourly rate for services under the Bolte Consulting Agreement. In addition, in respect of his services as a consultant, we granted, effective as of the Consulting Start Date, Mr. Bolte an option to purchase 100,000 shares of our common stock, or the Bolte Option, under the 2020 Plan. The Bolte Option will vest and become exercisable as to 4.1667% of the shares subject to the Bolte Option at the end of each successive one-month period following the Consulting Start Date until the second anniversary of the Consulting Start Date, subject to Mr. Bolte's continued provision of services to us. The term of the Bolte Consulting Agreement will continue until May 1, 2025 (the period from the Consulting Start Date to May 1, 2025, is referred to herein as the Bolte Consultation Period). We and Mr. Bolte will be able to terminate the Bolte Consulting Agreement on 30 days prior written notice, but in the case of a termination by us, with such termination being effective no earlier than the day following the end of the Initial Period.

In the event (1) Mr. Bolte terminates the Bolte Consulting Agreement as a result of our material breach of the Bolte Consulting Agreement or the Bolte Separation Agreement, (2) we terminate the Bolte Consulting Agreement without cause upon 30 days prior written notice or (3) Mr. Bolte dies or becomes disabled during the Bolte Consultation Period, (A) Mr. Bolte will be entitled to the accelerated vesting of (i) any unvested portion of the Bolte Option and (ii) any other stock options granted by us to Mr. Bolte that remain outstanding at the date of such termination but solely with respect to the portion of such stock options that otherwise would have vested during the Bolte Consultation Period, and (B) any stock options granted by us to Mr. Bolte that are vested and outstanding as of the date of such termination (taking into account clause (A) of this sentence) will remain exercisable until the earlier of (x) the later of May 1, 2026 or Mr. Bolte ceasing to serve on the board of directors and (y) the original expiration date of such options.

Employment Agreement with Henric Bjarke

In connection with our initial hiring of Mr. Bjarke as our senior vice president and chief operating officer, we entered into an agreement with him in June 2017. We entered into an amended and restated agreement with Mr. Bjarke in July 2020, which we refer to as the Bjarke employment agreement. Under the Bjarke employment agreement, Mr. Bjarke was an at-will employee. For a period of 24 months following July 23, 2020, we reimbursed Mr. Bjarke for his travel expenses between his home and our Boston area headquarters on a grossed-up basis.

Under the Bjarke employment agreement, Mr. Bjarke was entitled, subject to his execution and nonrevocation of a release of claims in our favor and his continued compliance with certain restrictive covenants, in the event of the termination of his employment by us without cause or by him for good reason, each as defined in the Bjarke employment agreement, to (1) continued payment of his then-current annual base salary for a period of nine months following the date his release of claims becomes effective, and (2) continued payment by us of our share of the COBRA premiums for health benefit coverage for a period of up to nine months following the date that his employment with us is terminated.

Separation Agreement and Consulting Agreement with Henric Bjarke

On December 7, 2022, we entered into an executive transition, separation and release of claims agreement, or the Bjarke Separation Agreement, with Mr. Bjarke providing for his resignation as senior vice president and chief operating officer effective December 31, 2022. On December 7, 2022, we also entered into a consulting agreement, or the Bjarke Consulting Agreement, with Mr. Bjarke pursuant to which he has agreed to provide consulting and advisory services related to our precommercial and commercial preparedness and business development activities from January 1, 2023 to June 30, 2023, unless earlier terminated, the Bjarke Consultation Period.

Pursuant to the Bjarke Separation Agreement, Mr. Bjarke is entitled to receive continued payment of his 2022 annual base salary for a period of nine months, for an aggregate of \$343,961, following the end of the Bjarke Consultation Period, subject to Mr. Bjarke's execution and nonrevocation of a release of claims in our favor and compliance with the Bjarke Separation Agreement, the release and applicable restrictive covenants. In addition, subject to eligibility, the Bjarke Separation Agreement provides for continued payment by us of our share of COBRA premiums for Mr. Bjarke's health benefit coverage for a period of up to nine months following December 31, 2022. The Bjarke Separation Agreement also provides for, among other things, nondisclosure obligations applicable to Mr. Bjarke and mutual non-disparagement obligations.

In consideration for services under the Bjarke Consulting Agreement, we have agreed to pay Mr. Bjarke consulting fees at specified hourly rates. For so long as Mr. Bjarke is providing services to us during the Bjarke Consultation Period, Mr. Bjarke's equity awards that vest solely based on the passage of time will continue to vest and remain exercisable in accordance with the applicable equity plans and award agreements. In addition, in accordance with the Bjarke Separation Agreement, (1) effective as of June 30, 2023, the vesting of Mr. Bjarke's option to purchase 115,000 shares of our common stock granted on February 24, 2022 will accelerate with respect to 50,000 unvested shares, or the Accelerated Option, and (2) any vested options held by Mr. Bjarke that remain outstanding at the end of the Bjarke Consultation Period (including the Accelerated Option) will remain exercisable until the earlier of one year following the end of the Bjarke Consultation Period or the original expiration date of such option, or the Extended Exercise Period, in each case, provided that Mr. Bjarke complies with his obligations under the Bjarke Separation Agreement and the Bjarke Consulting Agreement. If the Bjarke Consulting Agreement is terminated by us other than for material breach by Mr. Bjarke or by Mr. Bjarke for material breach by us, then Mr. Bjarke will be entitled to (1) the Accelerated Option, on the terms and subject to certain conditions set forth in Bjarke Separation Agreement, (2) accelerated vesting of each outstanding stock option held by Mr. Bjarke with respect to the portion of such options that would have vested had Mr. Bjarke continued to provide services under the Bjarke Consulting Agreement through June 30, 2023 and (3) the Extended Exercise Period for vested stock options that are outstanding on the date of termination, on the terms and subject to certain conditions set forth in the Bjarke Separation Agreement.

Employment Agreement with Sanjay S. Subramanian

On March 2, 2022, we entered into an employment agreement with Mr. Subramanian, which we refer to as the Subramanian employment agreement. Under the Subramanian employment agreement, Mr. Subramanian is an at-will employee, and his employment with us can be terminated by Mr. Subramanian or us at any time and for any reason. Mr. Subramanian's base salary is reviewed by our compensation committee and the board of directors on an annual or more frequent basis and is subject to change in the discretion of our board of directors or compensation committee. Mr. Subramanian's annualized base salary for 2022 was \$430,000. He received a cash signing bonus of \$105,000, which was paid in two installments: \$55,000 in connection with his commencement of employment on March 21, 2022, or the Subramanian Effective Date, and \$50,000 six months thereafter.

Following the end of each calendar year, Mr. Subramanian will be eligible to receive a discretionary retention and performance bonus with a target of 40% of his then gross base pay actually earned during the applicable calendar year based upon the board's assessment of his performance and our performance. We granted Mr. Subramanian an option to purchase 180,000 shares of our common stock under the 2020

Plan, effective as of the Subramanian Effective Date. The option vests and becomes exercisable as to 25% of the shares underlying the option on the first anniversary of the Subramanian Effective Date and as to 2.0833% of the shares subject to the option at the end of each successive one-month period following the first anniversary of the Subramanian Effective Date until the fourth anniversary thereof.

Under the Subramanian employment agreement, Mr. Subramanian is entitled, subject to his execution and nonrevocation of a release of claims in our favor and his continued compliance with certain restrictive covenants, in the event of the termination of his employment by us without cause or by him for good reason, and such termination does not take place during the 12-month period following a change in control, each as defined in the Subramanian employment agreement, to (1) continued payment of his then-current annual base salary for a period of nine months following the date his release of claims becomes effective, (2) continued payment by us of its share of the COBRA premiums for health benefit coverage for a period of up to nine months following the date that his employment with us is terminated, and (3) in the event of termination between January 1 and the date annual discretionary bonuses are paid, payment of his annual target discretionary bonus amount for the year prior to termination in a lump sum on the date the first installment of severance pay is paid.

In the event that Mr. Subramanian's employment is terminated by us without cause or by him with good reason during the 12-month period following a change in control, as defined in the Subramanian employment agreement, Mr. Subramanian will be entitled, subject to his execution and nonrevocation of a release of claims in our favor and his continued compliance with certain restrictive covenants, to (1) continued payment of his then-current annual base salary for a period of 12 months following the date his release of claims becomes effective, (2) continued payment by us of its share of the COBRA premiums for health benefit coverage for a period of up to 12 months following the date that his employment with us is terminated, and (3) payment of 100% of his annual target discretionary bonus amount for the year in which the termination occurs in a lump sum on the date the first installment of severance pay is paid. In addition, Mr. Subramanian will be entitled to full acceleration of vesting of all outstanding and unvested stock options and other equity awards that vest solely based on continued service. Under the Subramanian employment agreement, if payments and benefits payable to Mr. Subramanian that are contingent on a change in ownership or control, as defined the Subramanian employment agreement, are subject to Section 4999 of the Internal Revenue Code of 1986, then such payments and benefits will either be paid in full or be reduced so that the Section 4999 excise tax does not apply, whichever results in the better after-tax result for Mr. Subramanian.

Employment Agreement with Douglas Treco

On March 21, 2023, we entered into an employment agreement with Dr. Treco, which we refer to as the Treco employment agreement. Under the Treco employment agreement, Dr. Treco is an at-will employee, and his employment with us can be terminated by Dr. Treco or us at any time and for any reason. Dr. Treco's base salary will be reviewed by our compensation committee and the board of directors on an annual or more frequent basis and is subject to change in the discretion of our board of directors or compensation committee. Dr. Treco's annualized base salary for 2023 is \$500,000 and he received a signing bonus of \$7,500.

Following the end of each calendar year, Dr. Treco will be eligible to receive a discretionary retention and performance bonus with a target of 55% of his then gross base pay actually earned during the applicable calendar year based upon the board's assessment of his performance and our performance. We granted Dr. Treco an option to purchase 800,000 shares of our common stock under the 2020 Plan, effective as of April 1, 2023, or the Treco Effective Date. The option vests and becomes exercisable as to 2.0833% of the shares subject to the option at the end of each successive one-month period following the Treco Effective Date until the fourth anniversary of the Treco Effective Date. We also granted Dr. Treco a restricted stock unit award with respect to 100,000 shares of our common stock, or the RSU, under the 2020 Plan, effective as of the Treco Effective Date. The RSU vests and becomes exercisable as to 25% of the shares underlying the RSU on each anniversary of the Treco Effective Date until the fourth anniversary of the Treco Effective Date.

Under the Treco employment agreement, Dr. Treco is entitled, subject to his execution and nonrevocation of a release of claims in our favor and his continued compliance with certain restrictive covenants, in the event of the termination of his employment by us without cause or by him for good reason, and such termination does not take place during the 60-day period prior to a change in control or the 12-month period following a change in control, each as defined in the Treco employment agreement, to (i) continued payment of his then-current annual base salary for a period of 12 months following the date his release of claims becomes effective, (ii) continued payment by us of our share of the COBRA premiums for health benefit coverage for a period of up to 12 months following the date that his employment with us is terminated, and (iii) payment, in a lump sum on the date the first installment of severance pay is paid, of a pro-rata portion of his annual discretionary bonus, if any, that the board determines he would have received during the applicable calendar year until his date of termination. In addition, the option and the RSU will vest with respect to the number of shares subject to such equity awards that would have vested within the one-year period following Dr. Treco's termination had he remained employed with us during such period.

In the event that Dr. Treco's employment is terminated by us without cause or by him with good reason during the 60-day period prior to a change in control or the 12-month period following a change in control, as defined in the Treco employment agreement, Dr. Treco will be entitled, subject to his execution and nonrevocation of a release of claims in our favor and his continued compliance with certain restrictive covenants, to (i) continued payment of his then-current annual base salary for a period of 18 months following the date his release of claims becomes effective, (ii) continued payment by us of our share of the COBRA premiums for health benefit coverage for a period of up to 18 months following the date that his employment with us is terminated, and (iii) payment of 150% of his annual target discretionary bonus

amount for the year in which the termination occurs in a lump sum on the date the first installment of severance pay is paid. In addition, Dr. Treco will be entitled to full acceleration of vesting of all outstanding and unvested stock options and other equity awards that vest solely based on continued service.

Employee Proprietary Rights, Non-Disclosure, Developments, Non-Competition, and Non-Solicitation Agreements

Each of our executive officers has entered into a standard form of agreement with respect to proprietary and confidential information, developments, non-competition, and non-solicitation. Under this agreement, each executive officer has agreed to protect our confidential and proprietary information during and after the executive officer's employment with us, not to compete with us during his employment and for a period generally lasting for one year after the termination of his employment, and not to solicit our employees, consultants, clients or customers during his employment and for a period generally lasting for one year after the termination of his employment. In addition, under this agreement, each executive officer has agreed that we own all developments and inventions that are developed by such executive officer within the scope of and during the period of his employment with us that are related to our business or research and development conducted or planned to be conducted by us at the time such development is created. Each executive officer also agreed to provide us with a non-exclusive, royalty-free, perpetual license to use any prior inventions that such executive officer incorporates into inventions assigned to us under this agreement.

401(k) Plan

We maintain a defined contribution employee retirement plan for our employees, including our executive officers. The plan is intended to qualify as a tax-qualified 401(k) plan so that contributions to the 401(k) plan, and income earned on such contributions, are not taxable to participants until withdrawn or distributed from the 401(k) plan (except in the case of contributions under the 401(k) plan designated as Roth contributions). Under the 401(k) plan, each employee is fully vested in his or her deferred salary contributions and our discretionary match. Employee contributions are held and invested by the plan's trustee as directed by participants. The 401(k) plan provides us with the discretion to match employee contributions. Effective January 1, 2021, we implemented a matching policy under which we match 50% of an employee's contributions to the 401(k) plan, up to a maximum of 6% of the employee's base salary and bonus paid during the year.

Stock Option and Other Compensation Plans

The four equity incentive plans described in this section are our 2017 Plan, our 2020 Plan, our 2020 Employee Stock Purchase Plan, or 2020 ESPP, and our 2023 Inducement Stock Incentive Plan. Prior to our initial public offering, we granted awards to eligible participants under our 2017 Plan. Following the closing of our initial public offering, we have granted awards to eligible participants under the 2020 Plan.

Amended and Restated 2017 Equity Incentive Plan

The 2017 Plan was initially approved by our board of directors and our stockholders in January 2017 and was subsequently amended and restated in June 2017. The 2017 Plan was further amended in January 2018, November 2018 and March 2019, in each case to increase the total number of shares reserved for issuance under the 2017 Plan. The 2017 Plan provided for the grant of incentive stock options, nonstatutory stock options, stock appreciation rights, awards of restricted stock, restricted stock units and other stock-based awards. Our employees, officers, directors, consultants and advisors were eligible to receive awards under the 2017 Plan; however, incentive stock options could only be granted to our employees. The type of award granted under the 2017 Plan and the terms of such award were set forth in the applicable award agreement. No further awards may be granted under the 2017 Plan; however, awards outstanding under the 2017 Plan will continue to be governed by their existing terms. The maximum number of shares of our common stock authorized for issuance under the 2017 Plan was 2,730,496 shares. Our board of directors may amend, suspend or terminate the 2017 Plan at any time, except that stockholder approval may be required to comply with applicable law or provisions under the 2017 Plan.

Effect of Certain Changes in Capitalization

Upon the occurrence of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any dividend or distribution to holders of our common stock other than an ordinary cash dividend, under the terms of the 2017 Plan, we are required to equitably adjust (or make substitute awards, if applicable), in the manner determined by our board of directors:

- the number and class of securities and exercise price per share of each outstanding option;
- the share and per-share provisions and the measurement price of each outstanding stock appreciation right;
- the number of shares subject to and the repurchase price per share subject to each outstanding restricted stock award or restricted stock unit award; and
- the share and per-share-related provisions and the purchase price, if any, of each outstanding other stock-based award.

Effect of Certain Corporate Transaction

Upon the occurrence of a merger or other reorganization event (as defined in the 2017 Plan), our board of directors may, on such terms as our board of directors determines (except to the extent specifically provided otherwise in an applicable award agreement or other agreement between the participant and us), take any one or more of the following actions pursuant to the 2017 Plan as to all or any (or any portion of) outstanding awards, other than awards of restricted stock:

- provide that outstanding awards will be assumed, or substantially equivalent awards will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof);
 - upon written notice to a participant, provide that all of the participant's unexercised awards will terminate immediately prior to the consummation of the reorganization event unless exercised by the participant (to the extent then exercisable) within a specified period following the date of the notice;
 - provide that outstanding awards will become exercisable, realizable or deliverable, or restrictions applicable to an award will lapse, in whole or in part, prior to or upon such reorganization event;
-

- in the event of a reorganization event pursuant to which holders of shares of our common stock will receive a cash payment for each share surrendered in the reorganization event, make or provide for a cash payment to participants with respect to each award held by a participant equal to (1) the number of shares of our common stock subject to the vested portion of the award (after giving effect to any acceleration of vesting that occurs upon or immediately prior to the reorganization event) multiplied by (2) the excess, if any, of the cash payment for each share surrendered in the reorganization event over the exercise, measurement or purchase price of such award and any applicable tax withholdings, in exchange for the termination of the award;
- provide that, in connection with our liquidation or dissolution, awards will convert into the right to receive liquidation proceeds (if applicable, net of the exercise measurement or purchase price thereof and any applicable tax withholdings); or
- any combination of the foregoing.

Our board of directors is not obligated under the 2017 Plan to treat all awards, all awards held by a participant, or all awards of the same type, identically.

Upon the occurrence of a reorganization event other than our liquidation or dissolution, the repurchase and other rights with respect to outstanding restricted stock awards will continue for the benefit of the succeeding company and will, unless our board of directors determines otherwise, apply to the cash, securities, or other property which our common stock was converted into or exchanged for in the reorganization event in the same manner and to the same extent as they applied to the common stock subject to the restricted stock award. However, the board may provide for the termination or deemed satisfaction of such repurchase or other rights under the restricted stock award agreement or any other agreement between a participant and us, either initially or by amendment. Upon our liquidation or dissolution, except to the extent specifically provided to the contrary in the restricted stock award agreement or any other agreement between the plan participant and us, all restrictions and conditions on all restricted stock awards then outstanding will automatically be deemed terminated or satisfied.

Our board of directors may at any time provide that any award under the 2017 Plan will become immediately exercisable in whole or in part, free of some or all restrictions or conditions, or otherwise realizable in whole or in part, as the case may be.

2020 Stock Incentive Plan

Our board of directors adopted, and our stockholders have approved, the 2020 Plan, which became effective in February 2020 immediately prior to the effectiveness of the registration statement for our initial public offering. The 2020 Plan provides for the grant of incentive stock options, nonstatutory stock options, stock appreciation rights, restricted stock awards, restricted stock units and other stock-based awards. The number of shares of our common stock reserved for issuance under the 2020 Plan is the sum of: (1) 1,588,315; plus (2) the number of shares (up to 2,613,638 shares) equal to the sum of (x) the number of shares of our common stock reserved for issuance under the 2017 Plan that remained available for grant under the 2017 Plan immediately prior to the effectiveness of the registration statement for our initial public offering in July 2020 and (y) the number of shares of our common stock subject to outstanding awards under the 2017 Plan that expire, terminate or are otherwise surrendered, cancelled, forfeited or repurchased by us at their original issuance price pursuant to a contractual repurchase right; plus (3) an annual increase, to be added on the first day of each fiscal year, beginning with the fiscal year ending December 31, 2022 and continuing until, and including, the fiscal year ending December 31, 2030, equal to the lower of (i) 4% of the number of shares of our common stock outstanding on the first day of such fiscal year and (ii) an amount determined by our board of directors. No more than 1,588,315 shares of our common stock may be granted subject to incentive stock options under the 2020 Plan.

Our employees, officers, directors, consultants and advisors are eligible to receive awards under the 2020 Plan. Incentive stock options, however, may only be granted to our employees.

Pursuant to the terms of the 2020 Plan, our board of directors (or a committee delegated by our board of directors) administers the plan and, subject to any limitations in the plan, selects the recipients of awards and determines:

- the number of shares of our common stock covered by options and the dates upon which the options become exercisable;
 - the type of options to be granted;
 - the duration of options, which may not be in excess of ten years;
 - the exercise price of options, which must be at least equal to the fair market value of our common stock on the date of grant; and
-

- the number of shares of our common stock subject to and the terms of any stock appreciation rights, restricted stock awards, restricted stock units or other stock-based awards and the terms and conditions of such awards, including conditions for repurchase, issue price and repurchase price (though the measurement price of stock appreciation rights must be at least equal to the fair market value of our common stock on the date of grant and the duration of such awards may not be in excess of ten years).

If our board of directors delegates authority to one or more of our officers to grant awards under the 2020 Plan, the officers will have the power to make awards to all of our employees, except executive officers. Our board of directors will fix the terms of the awards to be granted by any such officer, the maximum number of shares subject to awards that such officer may make, and the time period in which such awards may be granted. Pursuant to the 2020 Plan, the maximum amount of cash and equity compensation (calculated based on grant date fair value for financial reporting purposes) granted in any calendar year to any individual non-employee director in his or her capacity as a non-employee director shall not exceed \$750,000 in the case of an incumbent director or \$1,000,000 in the case of a new director during his or her first year of service, in each case, subject to the terms and limitations set forth in the 2020 Plan.

Effect of Certain Changes in Capitalization

Upon the occurrence of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any dividend or distribution to holders of our common stock other than an ordinary cash dividend, under the terms of the 2020 Plan, we are required to equitably adjust (or make substitute awards, if applicable), in the manner determined by our board of directors:

- the number and class of securities available under the 2020 Plan;
- the share counting rules under the 2020 Plan;
- the number and class of securities and exercise price per share of each outstanding option;
- the share and per-share provisions and the measurement price of each outstanding stock appreciation right;
- the number of shares subject to, and the repurchase price per share subject to, each outstanding award of restricted stock; and
- the share and per-share related provisions and the purchase price, if any, of each restricted stock unit award and each other stock-based award.

Effect of Certain Corporate Transactions

Upon the occurrence of a merger or other reorganization event (as defined in the 2020 Plan), our board of directors may, on such terms as our board determines (except to the extent specifically provided otherwise in an applicable award agreement or other agreement between the participant and us), take any one or more of the following actions pursuant to the 2020 Plan as to all or any (or any portion of) outstanding awards, other than awards of restricted stock:

- provide that outstanding awards will be assumed, or substantially equivalent awards will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof);
 - upon written notice to a participant, provide that all of the participant's unvested awards will be forfeited, and/or vested but unexercised awards will terminate, immediately prior to the consummation of the reorganization event unless exercised by the participant (to the extent then exercisable) within a specified period following the date of the notice;
 - provide that outstanding awards will become exercisable, realizable or deliverable, or restrictions applicable to an award will lapse, in whole or in part, prior to or upon such reorganization event;
 - in the event of a reorganization event pursuant to which holders of shares of our common stock will receive a cash payment for each share surrendered in the reorganization event, make or provide for a cash payment to participants with respect to each award held by a participant equal to (1) the number of shares of our common stock subject to the vested portion of the award (after giving effect to any acceleration of vesting that occurs upon or immediately prior to such reorganization event) multiplied by (2) the excess, if any, of the cash payment for each share surrendered in the reorganization event over the exercise, measurement or purchase price of such award and any applicable tax withholdings, in exchange for the termination of such award; and/or
-

- provide that, in connection with our liquidation or dissolution, awards will convert into the right to receive liquidation proceeds (if applicable, net of the exercise, measurement or purchase price thereof and any applicable tax withholdings).

Our board of directors is not obligated under the 2020 Plan to treat all awards, all awards held by a participant, or all awards of the same type, identically.

In the case of certain restricted stock units, no assumption or substitution is permitted, and the restricted stock units will instead be settled in accordance with the terms of the applicable restricted stock unit agreement.

Upon the occurrence of a reorganization event other than our liquidation or dissolution, our repurchase and other rights with respect to outstanding awards of restricted stock will continue for the benefit of the succeeding company and will, unless our board of directors determines otherwise, apply to the cash, securities, or other property which our common stock was converted into or exchanged for pursuant to the reorganization event in the same manner and to the same extent as they applied to the common stock subject to the restricted stock award. However, the board may provide for the termination or deemed satisfaction of such repurchase or other rights under the restricted stock award agreement or in any other agreement between a participant and us, either initially or by amendment. Upon our liquidation or dissolution, except to the extent specifically provided to the contrary in the restricted stock award agreement or any other agreement between the participant and us, all restrictions and conditions on all restricted stock awards then outstanding will automatically be deemed terminated or satisfied.

At any time, our board of directors may provide that any award under the 2020 Plan will become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in whole or in part, as the case may be.

No award may be granted under the 2020 Plan on or after the date that is ten years from the effectiveness of the 2020 Plan. Our board of directors may amend, suspend or terminate the 2020 Plan at any time, except that stockholder approval may be required to comply with applicable law or stock market requirements.

2020 Employee Stock Purchase Plan

Our board of directors adopted, and our stockholders have approved, the 2020 ESPP, became effective in February 2020 immediately prior to the effectiveness of the registration statement for our initial public offering. The 2020 ESPP is administered by our board of directors (or by a committee appointed by our board of directors). The 2020 ESPP initially provides participating employees with the opportunity to purchase up to an aggregate of 198,539 shares of our common stock. The number of shares of our common stock reserved for issuance under the 2020 ESPP will automatically increase on the first day of each fiscal year, beginning with the fiscal year commencing on January 1, 2021 and continuing until, and including, the fiscal year commencing on January 1, 2031, in an amount equal to the lowest of (1) 397,079 shares of our common stock, (2) 1% of the number of shares of our common stock outstanding on the first day of such fiscal year and (3) an amount determined by our board of directors.

All of our employees and employees of any designated subsidiary, as defined in the 2020 ESPP, are eligible to participate in the 2020 ESPP, provided that:

- such person is customarily employed by us or a designated subsidiary for more than 20 hours a week and for more than five months in a calendar year;
- such person has been employed by us or by a designated subsidiary for at least three months prior to enrolling in the 2020 ESPP; and
- such person was our employee or an employee of a designated subsidiary on the first day of the applicable offering period under the 2020 ESPP.

We retain the discretion to determine which eligible employees may participate in an offering under applicable regulations.

We expect to make one or more offerings to our eligible employees to purchase stock under the 2020 ESPP beginning at such time and on such dates as our board of directors may determine, or on the first business day thereafter. Each offering will consist of a six-month offering period during which payroll deductions will be made and held for the purchase of our common stock at the end of the offering period. Our board of directors or a committee designated by the board of directors may, at its discretion, choose a different period of not more than 12 months for offerings. The first offering period under our 2020 ESPP commenced on April 1, 2022 and, thereafter, a new six-month offering period will commence on each October 1 and April 1 until such time as the board or the compensation committee determines otherwise.

On each offering commencement date, each participant will be granted the right to purchase, on the last business day of the offering period, up to a number of shares of our common stock determined by multiplying \$2,083 by the number of full months in the offering period and dividing that product by the closing price of our common stock on the first day of the offering period. No employee may be granted an option under the 2020 ESPP that permits the employee's rights to purchase shares under the 2020 ESPP and any other employee stock purchase plan of ours or of any of our subsidiaries to accrue at a rate that exceeds \$25,000 of the fair market value of our common stock (determined as of the first day of each offering period) for each calendar year in which the option is outstanding. In addition, no employee may purchase shares of our common stock under the 2020 ESPP that would result in the employee owning 5% or more of the total combined voting power or value of our stock or the stock of any of our subsidiaries.

On the commencement date of each offering period, each eligible employee may authorize up to a maximum of 15% of his or her compensation to be deducted by us during the offering period. Our board of directors or the committee designated by the board of directors may designate a lower maximum deduction rate in its discretion. Each employee who continues to be a participant in the 2020 ESPP on the last business day of the offering period will be deemed to have exercised an option to purchase from us the number of whole shares of our common stock that his or her accumulated payroll deductions on such date will pay for, not in excess of the maximum numbers set forth above. Under the terms of the 2020 ESPP, the purchase price will be determined by our board of directors or the committee designated by the board of directors for each offering period and will be at least 85% of the applicable closing price of our common stock. If our board of directors or the committee does not make a determination of the purchase price, the purchase price will be 85% of the lesser of the closing price of our common stock on the first business day of the offering period or on the last business day of the offering period.

An employee may at any time prior to the close of business on the fifteenth business day prior to the end of an offering period, and for any reason, permanently withdraw from participating in an offering prior to the end of an offering period and permanently withdraw the balance accumulated in the employee's account. If an employee elects to discontinue his or her payroll deductions during an offering period but does not elect to withdraw his or her funds, funds previously deducted will be applied to the purchase of common stock at the end of the offering period. If a participating employee's employment ends before the last business day of an offering period, no additional payroll deductions will be taken and the balance in the employee's account will be paid to the employee.

We will be required to make equitable adjustments to the extent determined by our board of directors or a committee thereof to the number and class of securities available under the 2020 ESPP, the share limitations under the 2020 ESPP, and the purchase price for an offering period under the 2020 ESPP to reflect stock splits, reverse stock splits, stock dividends, recapitalizations, combinations of shares, reclassifications of shares, spin-offs and other similar changes in capitalization or events or any dividends or distributions to holders of our common stock other than ordinary cash dividends.

In connection with a merger or other reorganization event, as defined in the 2020 ESPP, our board of directors or a committee of our board of directors may take any one or more of the following actions as to outstanding options to purchase shares of our common stock under the 2020 ESPP on such terms as our board of directors or committee thereof determines:

- provide that options will be assumed, or substantially equivalent options will be substituted, by the acquiring or succeeding corporation (or an affiliate thereof);
 - upon written notice to employees, provide that all outstanding options will be terminated immediately prior to the consummation of such reorganization event and that all such outstanding options will become exercisable to the extent of accumulated payroll deductions as of a date specified by our board of directors or a committee thereof in such notice, which date will not be less than ten days preceding the effective date of the reorganization event;
 - upon written notice to employees, provide that all outstanding options will be cancelled as of a date prior to the effective date of the reorganization event and that all accumulated payroll deductions will be returned to participating employees on such date;
 - in the event of a reorganization event under the terms of which holders of our common stock will receive upon consummation thereof a cash payment for each share surrendered in the reorganization event, change the last day of the offering period to be the date of the consummation of the reorganization event and make or provide for a cash payment to each employee equal to (1) the cash payment for each share surrendered in the reorganization event times the number of shares of our common stock that the employee's accumulated payroll deductions as of immediately prior to the reorganization event could purchase at the applicable purchase price, where the cash payment for each share surrendered in the reorganization event is treated as the fair market value of our common stock on the last day of the applicable offering period for purposes of determining the purchase price and where the number of shares that could be purchased is subject to the applicable limitations under the 2020 ESPP minus (2) the result of multiplying such number of shares by the purchase price; and/or
-

- provide that, in connection with our liquidation or dissolution, options will convert into the right to receive liquidation proceeds (net of the purchase price thereof).

Our board of directors may at any time, and from time to time, amend or suspend the 2020 ESPP or any portion of the 2020 ESPP. We will obtain stockholder approval for any amendment if such approval is required by Section 423 of the Internal Revenue Code of 1986. Further, our board of directors may not make any amendment that would cause the 2020 ESPP to fail to comply with Section 423 of the Internal Revenue Code of 1986. The 2020 ESPP may be terminated at any time by our board of directors. Upon termination, we will refund all amounts in the accounts of participating employees.

2023 Inducement Stock Incentive Plan

In February 2023, we adopted the 2023 Inducement Stock Incentive Plan, pursuant to which we may grant nonstatutory stock options, restricted stock, restricted stock units and other stock-based awards to persons who (a) were not previously an employee or director or (b) are commencing employment with us following a bona fide period of non-employment, in either case, as an inducement material to such person's entry into employment with us and in accordance with the requirements of the Nasdaq Stock Market Rule 5635(c)(4). Neither consultants nor advisors will be eligible to participate in the plan. The maximum number of shares of common stock reserved for issuance under the plan is 1,000,000. Such plan was not adopted by our stockholders. The plan is administered by our board of directors, with authority delegated by our board of directors to our compensation committee.

Rule 10b5-1 Sales Plans

Certain of our directors and executive officers have adopted and may in the future adopt written plans, known as Rule 10b5-1 plans, in which they will contract with a broker to buy or sell shares of our common stock on a periodic basis. Under a Rule 10b5-1 plan, a broker executes trades pursuant to parameters established by the director or officer when entering into the plan, without further direction from the director or officer. The director or officer may amend or terminate the plan in some circumstances. Our directors and executive officers may also buy or sell additional shares outside of a Rule 10b5-1 plan when they are not in possession of material, nonpublic information.

Anti-Hedging and Anti-Pledging Policies

Our board of directors has adopted an insider trading policy, which applies to all of our directors and employees, including our executive officers, and certain of their family members and any entities controlled by such persons. The policy expressly prohibits such persons from engaging in any short sales, including short sales "against the box", any purchases or sales of puts, calls or other derivative securities, or any purchases of financial instruments (including prepaid variable forward contracts, equity swaps, collars and exchange funds) that hedge or offset, or are designed to hedge or offset, any decrease in the market value of our securities. In addition, our insider trading policy prohibits such persons from purchasing our securities on margin, borrowing against our securities held in a margin account, or pledging our securities as collateral for a loan, with an exception in extraordinary situations for pledges of our securities as collateral for a loan (other than a margin loan) only after certain prerequisites are met and only with the preapproval of our chief financial officer or general counsel and, in the case of directors and executive officers, the audit committee.

Director Compensation

Prior to our initial public offering, we did not have a formal non-employee director compensation program. Our board of directors approved a director compensation program that became effective in July 2020 upon the closing of our initial public offering. Under this director compensation program, we pay our non-employee directors a cash retainer for service on the board of directors and for service on each committee on which the director is a member. The chairman of the board and of each committee receive additional retainers for such service. These fees are payable in arrears in four equal quarterly installments on the last day of each quarter, provided that the amount of such payment is prorated for any portion of such quarter that the director is not serving on our board of directors or on such committee. The fees paid to non-employee directors for service on the board of directors and for service on each committee of the board of directors on which the director is a member are as follows:

	Member Annual Fee	Chair Incremental Annual Fee
Board of Directors	\$ 35,000	\$ 30,000
Audit Committee	\$ 7,500	\$ 7,500
Compensation Committee	\$ 5,000	\$ 5,000
Nominating and Corporate Governance Committee	\$ 4,000	\$ 4,000
Research and Development Committee	\$ 4,000	\$ 4,000

We also reimburse our non-employee directors for reasonable travel and other expenses incurred in connection with attending meetings of our board of directors and any committee of our board of directors on which he or she serves.

In addition, under our director compensation program, each non-employee director was entitled to receive, upon his or her initial election or appointment to our board of directors, an option to purchase 18,734 shares of our common stock under the 2020 Plan. Effective February 2023, each non-employee director will receive, upon his or her initial election or appointment to our board of directors, an option to purchase 32,000 shares of our common stock under the 2020 Plan. Each of these options will vest as to 2.7778% of the shares of our common stock underlying such option at the end of each successive one-month period following the date of grant until the third anniversary of the date of grant, subject to the non-employee director's continued service as a director. On the date of the first board meeting held after each annual meeting of stockholders, each non-employee director that had served on our board of directors for at least six months received, under the 2020 Plan, an option to purchase 9,367 shares of our common stock under the 2020 Plan. Effective February 2023, on the date of the first board meeting held after each annual meeting of stockholders, each non-employee director that has served on our board of directors for at least six months will receive, under the 2020 Plan, an option to purchase 16,000 shares of our common stock under the 2020 Plan. Each of these options will vest with respect to all of the shares underlying the option on the first anniversary of the date of grant or, if earlier, immediately prior to the first annual meeting of stockholders occurring after the grant date, subject to the non-employee director's continued service as a director. All options issued to our non-employee directors under our director compensation program will be issued at exercise prices equal to the fair market value of our common stock on the date of grant and will become exercisable in full upon specified change in control events.

The table below shows all compensation awarded to, earned by or paid to each of our non-employee directors during the year ended December 31, 2022.

(3) Following Dr. Treco's appointment as our chief executive officer effective as of April 1, 2023, he is no longer compensated for his service as a director under our non-employee director compensation program.

Mr. Bolte, one of our directors who previously served as our president and chief executive officer until his retirement and resignation on April 1, 2023, did not receive any additional compensation for his service as a director during his tenure as our president and chief executive officer. Effective May 1, 2023, Mr. Bolte will be compensated for his service as a director under our non-employee director compensation program. Mr. Bolte is one of our named executive officers for the year ended December 31, 2022 and, accordingly, the compensation that we paid to Mr. Bolte in his role as our president and chief executive officer is discussed above under "—Summary Compensation Table" and "—Narrative to Summary Compensation Table."

Indemnification Agreements

Our certificate of incorporation provides that we will indemnify our directors and officers to the fullest extent permitted by Delaware law. In addition, we have entered into indemnification agreements with all of our directors and executive officers. These indemnification agreements may require us, among other things, to indemnify each such director or executive officer for some expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by him or her in any action or proceeding arising out of his or her service as one of our directors or executive officers.

Policies and Procedures for Related Person Transactions

Our board of directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which our company is a participant, the amount involved exceeds (i) the lesser of \$120,000 and one percent of our average total assets at year end for the last two completed fiscal years, if we are a "smaller reporting company" under applicable SEC rules, or (ii) \$120,000, if we are not a "smaller reporting company" under applicable SEC rules, and one of our executive officers, directors, director nominees or 5% stockholders, or their immediate family members, each of whom we refer to as a "related person," has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a "related person transaction," the related person must report the proposed related person transaction to our general counsel, and if none, our chief operating officer or chief financial officer. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by our audit committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the audit committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chair of the audit committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the audit committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the audit committee will review and consider:

- the related person's interest in the related person transaction;
 - the approximate dollar value of the amount involved in the related person transaction;
 - the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
-

- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

Our audit committee may approve or ratify the transaction only if it determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, our best interests. Our audit committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, our board of directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

- interests arising solely from the related person's position as an executive officer of another entity, whether or not the person is also a director of the entity, that is a participant in the transaction where the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction and the amount involved in the transaction is less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; and
- a transaction that is specifically contemplated by provisions of our certificate of incorporation or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by our compensation committee in the manner specified in the compensation committee's charter.

HOUSEHOLDING

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our documents, including the Notice of Internet Availability of Proxy Materials or, if requested, the 2022 Annual Report and proxy statement, may have been sent to multiple stockholders in your household unless you have requested otherwise. We will promptly deliver a separate copy of any of the above documents to you if you write or call us at Inozyme Pharma, Inc., 321 Summer Street, Suite 400, Boston, Massachusetts, 02210, Attention: Corporate Secretary, telephone: (857) 330-4340. If you want to receive separate copies of the Notice of Internet Availability of Proxy Materials, proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

STOCKHOLDER PROPOSALS FOR OUR 2024 ANNUAL MEETING OF STOCKHOLDERS

A stockholder who would like to have a proposal considered for inclusion in our 2024 proxy statement must submit the proposal in accordance with the procedures outlined in Rule 14a-8 of the Exchange Act so that it is received by us no later than December 29, 2023. However, if the date of the 2024 annual meeting of stockholders is changed by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before we begin to print and send our proxy statement for the 2024 annual meeting of stockholders. SEC rules set standards for eligibility and specify the types of stockholder proposals that may be excluded from a proxy statement. Stockholder proposals should be addressed to Inozyme Pharma, Inc., 321 Summer Street, Suite 400, Boston, Massachusetts, 02210, Attention: Corporate Secretary.

If a stockholder wishes to propose a nomination of persons for election to our board of directors or present a proposal at an annual meeting but does not wish to have the proposal considered for inclusion in our proxy statement and proxy card, our amended and restated bylaws establish an advance notice procedure for such nominations and proposals. Stockholders at an annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of the board of directors or by a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered timely notice in proper form to our corporate secretary of the stockholder's intention to bring such business before the meeting.

The required notice must be in writing and received by our corporate secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. However, in the event that the date of the annual meeting is advanced by more than 30 days, or delayed by more than 60 days, from the first anniversary of the preceding year's annual meeting, a stockholder's notice must be so received no earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (A) the 90th day prior to such annual meeting and (B) the tenth day following the day on which notice of the date of such annual meeting was given or public disclosure of the date of such annual meeting was made, whichever first occurs. For stockholder proposals to be brought before the 2024 annual meeting of stockholders, the required notice must be received by our corporate secretary at our principal executive offices no earlier than February 14, 2024 and no later than March 15, 2024.

In addition to satisfying the advance notice provisions in our bylaws relating to nominations of director candidates, including the earlier notice deadlines set out above, to comply with the SEC's universal proxy rule, stockholders who intend to solicit proxies in support of director nominees other than the Company's nominees in compliance with Rule 14a-19 under the Exchange Act must also provide notice that sets forth the information required by Rule 14a-19 no later than April 14, 2024. If the date of the 2024 annual meeting of stockholders changes by more than 30 days from the date of the 2023 annual meeting of stockholders, such notice must instead be provided by the later of 60 days prior to the date of the annual meeting or the 10th day following public announcement by us of the date of the 2024 annual meeting of stockholders.

Our board of directors does not know of any other matters to be brought before the Annual Meeting. If any other matters not mentioned in this proxy statement are properly brought before the meeting, the individuals named in the proxy intend to use their discretionary voting authority under the proxy to vote the proxy in accordance with their best judgment on those matters.
